TIPS FOR ENCOURAGING READERS

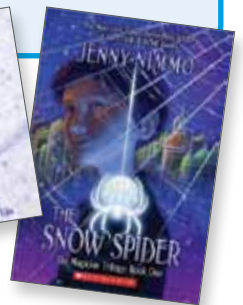

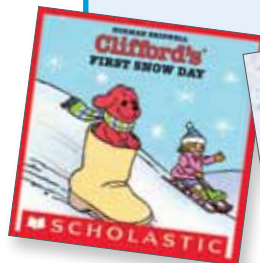

Encourage your child to "report" and write her own newspaper during a snow day at home.

Decorate a bookcase – a box will do – for your child to store his favorite books.

Bake cookies or muffins together, and have your child read the recipe and measurements.

Have your child create cards with scrap paper, crayons, and markers. Show your child how to address an envelope – and mail the cards.

Visit your local library. Many local libraries host reading programs and events.
