

Homemade Puffy Paint

Please remember to always supervise children at all times.

What you will need:

- ✓ **container or bowl with lid for puff paint**
- ✓ **a funnel**
- ✓ **shaving cream**
- ✓ **white school glue**
- ✓ **liquid food coloring**

Directions:

1. Combine shaving cream and glue in a mixing bowl and carefully fold the two ingredients together. The goal is to keep as much of the air in the shaving cream as possible.
2. When ingredients are combined separate into different containers to start adding color.
3. Once in your containers add 10-15 drops of food coloring one each container of puffy paint and fold it in carefully.
4. Now your paints are ready to use!
