"This course has changed the way I see myself as a supervisor. It has given me the skills I can use to continue to learn and be reflective in my work in supervising others."

"Very intensive and helpful. I think that the best part was the length of time and ability dig deep in that time."

"I needed a framework, a touchstone, to be able to move my own practice forward. I feel like this course gave me that structure, and created a vision of reflective supervision that is so rooted in DEI principles that I can carry it with me into all the realms I move through with curiosity and wonder."
